Prompts — Lab 05: Campaign 1: Research to Storyboard, with Subagents

Multi AI Agents Workflow for Content Creation (ChatGPT Edition) · Day 1 · Use Codex

Use: Codex — Codex, in your horizon-studio folder. Paste each prompt as written; change only what the lab tells you to.

Easiest: copy each prompt from https://tertiarycourses.github.io/TGS-2023036153-Multi-AI-Agents-Workflow-for-Content-Creation/prompts/chatgpt/#lab-5 (one Copy button per prompt).

PROMPT A — Codex: research and ideas

```
Act as the Marketing Team Lead for the campaign
in data/campaign-objective.md.
Use subagents, in parallel:
- growth-strategist: competitor-scan → save
  research/competitive-analysis.md.
- growth-analyst: the funnel in data/firm-metrics.csv
  — what 40 chats a month needs → save
  research/funnel.md.
When both finish, the growth-strategist proposes
three ideas each for young professionals, mid-career
families and pre-retirees, scored with
data/idea-rubric.md and tagged with a funnel stage
(content-marketing) → strategy/ideas.md.
Show me the top five and stop — I will choose.
Write for a business owner, in plain English: no
codes, IDs, file names or line numbers; start with
what it means and what I do next. Save a Word copy
(.docx) of each result.
```

PROMPT B — Codex: the storyboard

```
I choose idea <number>, because <one line>.
Use subagents:
- growth-strategist: campaign-brief →
  strategy/campaign-brief.md, then a five-beat
  storyboard with data/storyboard-template.md →
  strategy/storyboard.md.
- content-creator: three channel variants that keep
  the same claims — LinkedIn, Facebook, a 60-second
  video.
Then run fact-check and fin-compliance yourself and
show me the issues before anything is final.
Write for a business owner, in plain English: no
codes, IDs, file names or line numbers; start with
what it means and what I do next. Save a Word copy
(.docx) of each result.
```

PROMPT C — Codex: decide on the issues

```
I confirm "no obligation" and the free checklist —
add them to the facts sheet (data/facts-2026.md).
Delete any other claim that is not on the facts
sheet. Fix all the Medium and Low issues, then show
me the updated storyboard.
Write for a business owner, in plain English: no
codes, IDs, file names or line numbers; start with
what it means and what I do next. Save a Word copy
(.docx) of each result.
```

Ask about the result

Once a result opens, type any of these in the chat to get its meaning. Ask until it makes sense to you — then decide.

- *After Prompt A:* "Explain this result in three sentences. Which idea would you pick, and why?"
- "Why does idea <number> score higher than idea <number>?"
- "What does the funnel say is our biggest problem?"
- *After Prompt B:* "Explain the issues in plain English. What do I need to decide?"
- *After Prompt C:* "What changed since the last version? Is anything still not ready for Rachel?"
