Lab 09 — The Lead Magnet: a Checklist and Its Welcome Emails

Multi AI Agents Workflow for Content Creation (ChatGPT Edition) · Day 2 · Use ChatGPT

> **USE: CHATGPT** — the ChatGPT desktop app

Course: Multi AI Agents Workflow for Content Creation (ChatGPT Edition) (TGS-2023036153)

Day 2 · Topic 3 · about 40 minutes · slides 101–107

Surface: ChatGPT (@Gmail drafts, your Horizon skills)

Features: lead-magnet skill · a printable A4 checklist (PDF) · a three-email welcome sequence · drafts only

> **Copy the prompts:** https://tertiarycourses.github.io/TGS-2023036153-Multi-AI-Agents-Workflow-for-Content-Creation/prompts/chatgpt/#lab-9 — click **Copy** next to each prompt, then paste it into the chat.

The story so far

Day 2. Before the campaign weeks start, Rachel wants the thing that turns readers into leads: the Money Check-up Checklist, designed to be downloaded, and the emails that follow it.

Your goal

The Money Check-up Checklist is what turns a reader into a lead. Make it worth downloading — a branded checklist — and write the welcome emails that follow the download.

You'll build

the Money Check-up Checklist as a printable A4 PDF and three welcome emails — with a Word copy of each

What is in this folder

> **.md or .pdf?** A `.md` file (Markdown) is plain text that Codex reads. Every `.md` here has a `.pdf` twin with the same name — open the PDF to read it yourself.

- `assets/checklist-items.md`
- `assets/brand.md`
- `prompts.md` / `prompts.pdf` — every prompt, ready to paste
- `evidence/checklist.md` / `checklist.pdf` — what to capture as proof

Step by step

1. **New session** — Start a new chat in the Horizon Marketing project and name it "Lab 9". Run all of this lab's prompts in it.
2. **Bring the skills** — Use @skill-creator to add lead-magnet and newsletter to ChatGPT.
3. **Design it** — Copy and paste Prompt A. ChatGPT lays out the checklist and gives you a PDF; ask in the chat for any change.
4. **Write the welcome emails** — After the checklist looks right, copy and paste Prompt B. The three emails also appear as drafts in your Gmail.
5. **Check it** — After the three emails are saved, copy and paste Prompt C.

The prompts

PROMPT A — ChatGPT: the checklist

> Use the lead-magnet skill. Turn
> data/checklist-items.md into the "Money Check-up
> Checklist": a title with one promise, the ten items
> as tick boxes, one figure from data/facts-2026.md,
> the next step (book a free chat) and the full
> disclaimer. Lay it out as a printable A4 page in
> the colours and fonts in data/brand.md and give me
> a PDF to download.
> Write for a business owner, in plain English: no
> codes, IDs, file names or line numbers; start with
> what it means and what I do next. Save a Word copy
> (.docx) of each result.

PROMPT B — ChatGPT: the welcome emails

> Write three welcome emails for people who download the
> checklist: day 0 (here it is), day 3 (the item most
> people miss — the retirement number), day 7 (book a
> free chat). Follow the newsletter and sunny-voice
> skills → content/email/welcome-sequence.md.
> Then, using @Gmail, create the
> three emails as DRAFTS in my Gmail, addressed to
> me. Send nothing.
> Write for a business owner, in plain English: no
> codes, IDs, file names or line numbers; start with
> what it means and what I do next. Save a Word copy
> (.docx) of each result.

PROMPT C — ChatGPT: check it

> Run fact-check and fin-compliance on the checklist text and the three emails. Show the issues in one table, with a fix for each. Once I agree, make the fixes in the files and in the Gmail drafts.
> Write for a business owner, in plain English: no codes, IDs, file names or line numbers; start with what it means and what I do next. Save a Word copy (.docx) of each result.

Ask about the result

Once a result opens, type any of these in the chat to get its meaning. Ask until it makes sense to you — then decide.

- "Which checklist item do people most often miss, and why does it matter?"
- "Read the day 3 email as a 55-year-old. Is anything unclear?"
- "Explain each issue in one line: what is wrong, and the fix."

Check your work

- □ The checklist uses Horizon's colours and all ten items.
- □ It makes one promise and ends with the full disclaimer.
- □ Three emails, each with a subject under 50 characters, are drafts in your Gmail — nothing was sent.
- □ Each email has one call to action, unsubscribe and the disclaimer.
- □ fin-compliance shows no Critical or High issue.

If it goes wrong

- **No drafts in Gmail** — Check @Gmail is connected (Lab 4), then say "create the Gmail drafts again".
- **No PDF to download** — Say: "give me the checklist as a PDF file to download".

Stretch

- Ask for a 1080x1350 social card that promotes the checklist, made with image generation.

> **Why it matters:** A lead magnet earns an email address. Give real value first; the call to action comes last.

Next

Lab 10 — Campaign 2: Social Media Posts (Demo). Keep what you built — the next lab starts from it.

Safety

Use only this lab's synthetic data and your own accounts. Never paste a real API key, password, token or client data into a prompt or a file — tokens live only in .env. Every email address in the data must resolve to your own inbox. Nothing is published or sent without a person approving that exact version.
