Evidence — Lab 15: Subagents at Work: A Strategy Debate and a QA Loop

Multi AI Agents Workflow for Content Creation (ChatGPT Edition) · Day 2 · Use Codex

Capture a screenshot or file for each line. Evidence beats a description.

- □ The advocate and the critic each answered the other's case; every point cites a file.
- □ The decision has pros, cons, a verdict — and you made the call.
- □ Round 1 of the QA report FAILED: the FRS figure, CPF LIFE "from 55", the promised payout, the advice and the missing disclaimer.
- □ The Lead passed the fixes to the writer; a later round PASSED.
- □ You approved in your own terminal; the rows show your name and a hash.
- □ You know how many fixes the Lead relayed.

Notes

What did not work first time, and what you changed:

What you did NOT verify:
