

Evidence — Lab 01: A Research Team of Sub-agents

Multi AI Agents Workflow for Content Creation · Day 1 · Claude Cowork

Capture a screenshot or file for each line. Evidence beats a description.

- ☐ Cowork confirmed all four roles before starting.
- ☐ Three research sub-agents ran at the same time.
- ☐ research/ holds market-research, business-analysis, competitive-analysis and recommendation.
- ☐ The competitive analysis names six real competitors, each with a source and a date.
- ☐ The business analysis shows conversion rates and the visits needed for 40 chats a month.
- ☐ No uncited figure; no INTERNAL fee anywhere in the reports.

Notes

What did not work first time, and what you changed:

What you did NOT verify:
