

Prompts — Lab 02: Form the Team: Instructions for Each Agent

Multi AI Agents Workflow for Content Creation (ChatGPT Edition) · Day 1 · Codex (role cards, subagents)

Surface: Codex (role cards, subagents). Paste each prompt as written; change only what the lab tells you to.

PROMPT A — Codex: five role cards

Read data/role-specs.md. Create five role cards in agents/ – growth-strategist.md, content-creator.md, creative-designer.md, website-designer.md and growth-analyst.md. Each has: the job, what it reads, what it delivers, the plugins it may use, what it must never do, and how it reports back. Then add "## The marketing team" to AGENTS.md: one line per agent pointing to its card, and the rule "when I ask for the team, use subagents – one per role – each following its card".

PROMPT B — Codex: meet the team

Use subagents – one per role, each following its card in agents/. Ask each: "In one line, who are you, and what is the first thing you would do for Horizon's goal of 40 booked chats a month?" Show me the five answers in a table.
