

Prompts — Lab 05: Campaign 1: Research to Storyboard, with Subagents

Multi AI Agents Workflow for Content Creation (ChatGPT Edition) · Day 1 · Codex (subagents in parallel)

Surface: Codex (subagents in parallel). Paste each prompt as written; change only what the lab tells you to.

PROMPT A — Codex: research and ideas

Act as the Marketing Team Lead for the campaign in data/campaign-objective.md.
Use subagents, in parallel:

- growth-strategist: competitor-scan → save research/competitive-analysis.md.
- growth-analyst: the funnel in data/firm-metrics.csv
 - what 40 chats a month needs → save research/funnel.md.

When both finish, the growth-strategist proposes three ideas each for young professionals, mid-career families and pre-retirees, scored with data/idea-rubric.md → strategy/ideas.md.
Show me the top five and stop – I will choose.

PROMPT B — Codex: the storyboard

I choose idea <number>, because <one line>.
Use subagents:

- growth-strategist: campaign-brief and a five-beat storyboard with data/storyboard-template.md → strategy/storyboard.md.
- content-creator: three channel variants that keep the same claims – LinkedIn, Facebook, a 60-second video.

Then run fact-check and fin-compliance yourself and show me the issues before anything is final.
