

Prompts — Lab 02: Form the Team: Instructions for Each Agent

Multi AI Agents Workflow for Content Creation (Claude Edition) · Day 1 · Claude Code (subagent files)

Surface: Claude Code (subagent files). Paste each prompt as written; change only what the lab tells you to.

PROMPT A — Claude Code: five subagents

```
Read data/role-specs.md. Create five project
subagents in .claude/agents/ – growth-strategist,
content-creator, creative-designer, website-designer
and growth-analyst. Each file has:
- frontmatter: name; a description that says when to
  use it; tools; model (opus for the strategist,
  sonnet for the others)
- a body with: the job, what it reads, what it
  delivers, the connectors it may use, what it must
  never do, and how it reports back.
No skills line yet – we add skills in Lab 3.
```

PROMPT B — Claude Code: meet the team

```
Use each of the five subagents once, in parallel.
Ask each: "In one line, who are you, and what is
the first thing you would do for Horizon's goal of
40 booked chats a month?" Show me the five answers
in a table.
```
