

Prompts — Lab 03: Give Each Agent Its Skills

Multi AI Agents Workflow for Content Creation (Claude Edition) · Day 1 · Claude Code (.claude/skills/) → Claude

Surface: Claude Code (.claude/skills/) → Claude. Paste each prompt as written; change only what the lab tells you to.

PROMPT A — Claude Code: twelve skills

Read data/skills-spec.md. Create the twelve skills in .claude/skills/<name>/SKILL.md. Each has frontmatter (name, and a description that starts "Use when...") and short numbered steps, under 80 lines. Use data/brand.md, data/channel-formats.md, data/facts-2026.md and data/compliance-checklist.md as the sources – do not invent rules.

PROMPT B — Claude Code: wire them up

Add a skills: list to each subagent in .claude/agents/ with its two skills from data/skills-spec.md. Add to CLAUDE.md that the Lead (this session) runs fact-check and fin-compliance on everything before showing it to me.
