

Prompts — Lab 13: Campaign 5: Always On — the Weekly Growth Report

Multi AI Agents Workflow for Content Creation (Claude Edition) · Day 2 · Use Claude Code

Use: Claude Code — Code mode (the `</>` button) in the Claude desktop app, in your horizon-studio folder. Paste each prompt as written; change only what the lab tells you to.

Easiest: copy each prompt from <https://tertiarycourses.github.io/TGS-2023036153-Multi-AI-Agents-Workflow-for-Content-Creation/prompts/claude/#lab-13> (one Copy button per prompt).

PROMPT A — Claude Code: do it once

Act as Horizon's Growth Analyst. Using Google Drive, read campaign-results.csv in the Horizon Studio folder. Use the campaign-report skill and data/weekly-report-brief.md. Leave the report as a Gmail DRAFT to me, subject "Horizon weekly growth report" and today's date. Send nothing. Also publish the report as an artifact: cost per chat by channel as a chart, and the budget split. Write for a business owner, in plain English: no codes, IDs, file names or line numbers; start with what it means and what I do next. Save a Word copy (.docx) of each result.

PROMPT B — Claude Code: the routine

Run the campaign-report skill as Horizon's Growth Analyst. Read campaign-results.csv in the Horizon Studio folder on Google Drive and follow weekly-report-brief.md. Leave the report as a draft email to me in Gmail with the subject "Horizon weekly growth report" and today's date. Do not send it, and do not publish or approve anything.

Ask about the result

Once a result opens, type any of these in the chat to get its meaning. Ask until it makes sense to you — then decide.

- "What is the one decision this report asks me to make?"
- "Which channel gets us a chat most cheaply, and how sure are you?"
- "What would you change in next month's budget, and why?"
