

Evidence — Lab 11: The Video Agent Team: Script to YouTube

Multi AI Agents Workflow for Content Creation · Day 2 · Claude Code (agent team) → Codex (render, upload)

Capture a screenshot or file for each line. Evidence beats a description.

- ☐ The reviewer passed the script; you approved yt-ep01-script.
- ☐ ep01.mp4 is 1920x1080, under 90 seconds, every scene present.
- ☐ Every figure on screen matches facts-2026.md.
- ☐ The description has chapters, UTM link, disclaimer and AI disclosure.
- ☐ You approved yt-ep01 after watching it to the end.
- ☐ The upload is private (or a dry run printed the request).

Notes

What did not work first time, and what you changed:

What you did NOT verify:
