

Prompts — Lab 14: Measure, Govern and Write the Team Playbook

Multi AI Agents Workflow for Content Creation (Claude Edition) · Day 2 · Use Claude Code

Use: Claude Code — Code mode (the `</>` button) in the Claude desktop app, in your horizon-studio folder. Paste each prompt as written; change only what the lab tells you to.

Easiest: copy each prompt from <https://tertiarycourses.github.io/TGS-2023036153-Multi-AI-Agents-Workflow-for-Content-Creation/prompts/claude/#lab-14> (one Copy button per prompt).

PROMPT A — Claude Code: compare

Use the growth-analyst subagent. From data/run-log.csv compare the patterns we used – one agent, subagents, agent teams and the scheduled task – on minutes, tokens, defects caught before a person and human edits. Which pattern pays off for which job? Save reports/agent-comparison.md. Publish it as an artifact: one chart per measure, comparing the patterns. Write for a business owner, in plain English: no codes, IDs, file names or line numbers; start with what it means and what I do next. Save a Word copy (.docx) of each result.

PROMPT B — Claude Code: the playbook

Write strategy/team-playbook.md with data/playbook-outline.md. Include the roster: for each agent its instructions file in .claude/agents/, its skills, connectors, model and what it may never do; the approval matrix by risk; the rules in data/responsible-ai-checklist.md; and what to do when a wrong post goes out. Then run fin-compliance on it. Publish the playbook as an artifact: the roster as cards, the approval matrix as a table. Write for a business owner, in plain English: no codes, IDs, file names or line numbers; start with what it means and what I do next. Save a Word copy (.docx) of each result.

Ask about the result

Once a result opens, type any of these in the chat to get its meaning. Ask until it makes sense to you — then decide.

- "In one line each: when should we use one agent, subagents and an agent team?"
- "Who must approve a post that has a CPF figure in it?"
- "A wrong post went out. What are the first three things we do?"
